This is an exciting opportunity to join our thriving and successful Art and DT departments with both subjects holding significant prominence in the school. We are seeking a teacher passionate about inspiring young minds in Art and Design Technology. Whether teaching KS3 Art or DT, enthusiasm and dedication are key.

Art students in years 7-9 explore diverse techniques from Fine Art, Graphic Design, Photography and Printmaking. In DT, students delve into designing with both traditional skills and cutting-edge computer-aided design, with dedicated technicians supporting both departments and impressive uptake and exam outcomes for both subjects in GCSE for DT and GCE and A-level for Art.

We are looking for a teacher initially of KS3 Art and Technology predominantly Yr. 7, however the role could expand dependant on experience. Within DT, the role will mean the use of hand tools and the basic machines. However full training and support can be given. A genuine love of Art and DT and a desire to inspire and stretch motivated students is essential.

This is a chance to join our established departments to teach pupils who are actively engaged, want to learn and where there is minimum disruption in lessons. Please see the website for full course specifications:
