

Preparation for Yr12 - Chemistry Summer work

Access the Royal Society of Chemistry transition resources at this website.

Starters for 10 transition skills resources

<http://www.rsc.org/learn-chemistry/resource/res00002362/starters-for-ten-chapter-0-transition-skills>

Work through each of the sections – Basic Chemistry competencies, Basic Mathematical Competencies and Basic Practical Competencies. When you have done the questions you can use the answers to mark them yourself and highlight any areas where further work is needed.

Bridging the Knowledge Gap assessment quizzes –

You will have been given a username and password by Dr Baker during the taster day. Login should be this link but if it changes search for RSC Bridging the gap knowledge quizzes on google. <https://www.rsc.org/learn-chemistry/resources/online-assessment/login/index.php> If you are not able to make the taster day then email Dr Baker eeb@bws.wilts.sch.uk for your username and login. Once you have got the login you will be able to do the quizzes – There are a series of 29 quizzes designed to support students in the transition from pre-16 to post-16 studies of chemistry. The quizzes consist of 10 questions in each section and focus on providing formative feedback to students. The range of question types includes text response, numerical response, drag and drop and multiple choice.

Chemistry Books

The course textbook is shown below. The publisher's website along with details is below however it may be cheaper on Amazon where you may also be able to purchase a second hand copy.
