

BISHOP WORDSWORTH'S SCHOOL
HOME SCHOOL LIAISON POLICY

Definitions

1. *'Parent(s)' includes guardian(s) or any person who has parental responsibility for the student or who has care of him/her.*
2. *Is to', 'are to' and 'must' are obligatory. 'Should' is not obligatory but is good practice and is to be adhered to unless non-compliance can be justified.*

CHRISTIAN ETHOS STATEMENT

1. The motto "Veritas in Caritate" comes from Ephesians 4:15-16 and it is this Biblical passage that shapes our vision.

"Speaking the truth in love, we will grow to become in every respect the mature body of him who is the head, that is Jesus Christ. From him, the whole body, joined and held together by every supporting ligament, grows and builds itself up in love, as each part does its work".

From this comes our 'tripod' of underpinning values: truth, love and growth, leading to our statement of vocation.

"For this we stand:

- To search for truth
- To live in love
- To grow together"

SCHOOL AIMS

2. Bishop Wordsworth's School (the School) aims to serve the community by providing an education of the highest quality within the context of Christian belief and practice. It encourages an understanding of the meaning and significance of faith and promotes Christian values through the experience it offers to all its students.
3. Recognising its historic foundation, the School will preserve and develop its religious character in accordance with the principles of the Church of England and in partnership with the Church at parish and diocesan level.
4. The School aims to:
 - a. Encourage students to develop their potential to the full by setting themselves high standards of effort and achievement.
 - b. Give students the integrity and the means to face confidently the challenge of a fast-changing world.
 - c. Inspire students to lead happy, purposeful and responsible lives.
 - d. Value the Christian faith as a way of life while respecting the beliefs of all.
 - e. Facilitate students, staff and parents working in partnership so that the School's stated aims are achieved.

- f. Help the student to become a responsible citizen able to make a positive contribution to the world of the future.
5. Every student is entitled to, and the School will seek to provide, a caring and friendly environment which is as safe as possible and which offers:
- a. A broad and balanced curriculum delivered by dedicated, experienced and highly professional staff.
 - b. A wide variety of additional activities and experiences beyond and in addition to academic study.
 - c. Careful monitoring of academic and social development and help whenever need arises.
 - d. Careers guidance.
 - e. Opportunities to take personal responsibility and develop leadership qualities in a caring and friendly environment.

COMMUNICATION & SUPPORT BY PARENTS

6. The School depends on the support of the parents both for the values and objectives of the School and for its staff. This support is implicit in the acceptance of a place at Bishop Wordsworth's School, and parents should regularly check information held by the School, such as home address and emergency contact details using Bromcom, and advise the School of any changes in a timely manner.
7. Constructive communication is encouraged between staff, governors and the parents/guardians of students. In particular, the School aims for positive, prompt and frank communication between home and School so that there will be very few difficulties which cannot be safely and happily overcome. The School recognises that fostering a close working partnership between staff and parents is essential, that contact with the home is important for a student's performance and that the education of each student is a joint endeavour with parents.
8. Students are required to attend certain School functions (e.g. Founder's Day and Prize Giving) and to represent the School as a priority when selected for activities such as sports fixtures. This applies in and out of School hours, including weekends. Parents and students will be given reasonable notice of such functions.
9. When accepting a place at the School for their child, parents and their child are asked to sign a formal acceptance of the relevant school policies, particularly the Attendance and Behaviour & Discipline policies.

TEACHING & LEARNING

10. In accepting a student at Bishop Wordsworth's School, the Head Master and the staff are committed to providing a structured and stable environment within which each student will be encouraged to develop their educational potential to the maximum. Parents will be regularly updated with information regarding their child's academic progress. Where students are divided into sets, the School undertakes to place a student in teaching groups appropriate to their ability. All subjects are regarded as of equal importance in the development of the student. All matters related to the organisation of teaching remain a matter for the School's professional staff.

11. Parents are asked to attend the appropriate Parents' Evenings in order to discuss their child's progress with the relevant staff. It is hoped that parents will also wish to attend certain other evenings of a broadly educational nature which the School provides from time to time on academic, careers, pastoral and health education issues.
12. Parents are asked to ensure that students spend adequate time on homework, in circumstances conducive to study.

INFORMATION TO PARENTS & CONTACT

13. **Academic & Pastoral Progress.** Parents are kept regularly informed of their child's academic and pastoral progress by means of:
 - a. Tutor/Parents' Evening for year groups 7 and 8.
 - b. Staff/Parents' Evening for each year group.
 - c. Grade and written reports will be sent out to all years in line with the School's Assessment, Marking, Feedback and Reporting policy, which can be accessed on the School's website.
 - d. Positive and negative Bromcom points which are awarded for behaviour and academic achievement and progress.
 - e. Letters, telephone conversations and email messages as appropriate.
 - f. Information available via the Bromcom web portal and My Child At School app.
14. **Information Evenings.** An induction to Middle School and a separate information evening for Year 9 parents concerning subject and exam options at GCSE are held annually. A welcome evening for Year 12 parents is held annually. Any of these evenings may be held online, if appropriate.
15. **Publications / Documentation.**
 - a. The Sixth Form Prospectus is made available to all members of Year 11, to external applicants and to local schools.
 - b. Information about the day-to-day operation of the school, updates, letters and advance notice of events is given via the wide range of twitter feeds and published on the School's website. The Head also writes a weekly blog which deals with topical items of both local and national interest and he also issues beginning and end of term letters to parents. The annual report (in the Prizegiving Brochure) further informs parents of coming events and students' achievements.
 - c. Further information for all year groups can be found on the school website.
16. **Ad-hoc Contact.**
 - a. Parents are encouraged to contact the tutor, mentor or the relevant Head of Year or Head of School concerning any matter relating to their child, on any weekday between 0815 and 1700, at any time in the school year.
 - b. When a tutor, mentor, Head of Year or Head of School is concerned about the well-being or performance of a student, he/she may request that the parents come to school to discuss the situation.
 - c. The School may contact parents to discuss specific events related to school, for example, if someone is taken ill in school or there is a material incident relating to behaviour.

PROSPECTIVE PARENTS

17. Information about the School for prospective parents is available on the website. Meetings are held for prospective parents as follows (note that, in exceptional circumstances, provision for open events and evenings will be made online):
- a. Open sessions are held through the academic year for prospective Year 7 students and their parents.
 - b. Annual Open Afternoons for prospective Sixth Form students from other schools.
 - c. An Open Evening for all parents of potential Sixth Formers.

DISSEMINATION OF INFORMATION

18. Extensive general information about the School including school policies is provided on the School's website (<https://www.bishopwordsworths.org.uk/>).
19. Information to parents is disseminated by post, by Bromcom, by email and by students.

COMMUNICATION WITH SEPARATED PARENTS

20. Separated parents with joint parental responsibility continue to have access to information about their child using the My Child At School app. They will also continue to receive mailings from the School directed to parental contacts.

MEDICAL CONDITIONS AND MEDICINES

21. To help the School in its responsibility to care for the students, parents are required to notify the School about any medical condition their child has which might require treatment and to notify the School of any subsequent change. Parents are asked to inform the School of any medicines that are to be taken during school hours as follows:
- a. Details of non-prescription medicines are to be notified in writing. Parents are requested to tell their child to draw this to the attention of their form tutors, or in Sixth Form, to the attention of the Head of the Sixth Form.
 - b. Details of any prescription medicines are to be notified by email or letter specifying dosage, period (of taking), any side effects and whether the parent wishes the School to supervise the student taking the medicine or if it can be self-administered.
 - c. Details of long-term medication including medication held by the School for emergency use, e.g. EpiPens, should be the subject of an 'Individual Health Care Plan' produced externally to the school and signed by: a health care professional (eg the school nurse, a diabetic specialist nurse etc), a parent/guardian and the school nominee (normally the head 1st aider). The Care Plan is to include whether the student should self-administer or if administration should be supervised by School staff. Such medication is to be secured appropriately by the School and, if School staff are asked to supervise, they are to check the dosage, when it was last administered and if the medicine is in-date. If possible and appropriate, parents are to be contacted before occasional use medicine is administered. All administration of medicines is to be recorded by School staff. However, parents are responsible for supplying the School with the appropriate quantity of in-date medicine whether or not School staff supervise its administration.

PERSONAL POSSESSIONS

22. The School accepts no liability for loss of or damage to personal possessions. Parents may wish to check whether their home insurance or other insurance policies cover possible loss of or damage to items at school (and, if not, consider taking out additional cover). Where/when appropriate, staff may offer to look after students' possessions for safekeeping purposes only, but no liability is accepted for any resulting loss or damage.

ATTENDANCE

23. Students are expected to comply with the School's Attendance Policy.

24. Students are expected to observe the stated term and examination dates and times of attendance and parents are asked to note that leave of absence is not allowed to be granted during term time unless there are exceptional circumstances, and that absence for family holidays is specifically not allowed. Any request for leave of absence must be made directly to the child's Head of Year. The Head has legal authority to levy a financial penalty for unauthorised absence.

BEHAVIOUR

25. Students are expected to comply with the School's Behaviour & Discipline Policy.

26. Students are expected to behave to the credit of themselves and the School both on and off the school site. The School rules appear in the Behaviour and Discipline Policy and include the code of conduct students are expected to follow during school activities including travel between activities, when travelling between home and the School and at any time when in school uniform or otherwise identifiable as a student of the School. The rules also apply at any time when bad behaviour could have repercussions for the orderly running of the School, poses a threat to another student or member of the public or could adversely affect the reputation of the School. Parents will appreciate that it can be confusing for students if differing standards expected in the School and the home. Parents are expected to support the School in its objectives and to give priority to the personal and moral discipline of their children.

27. The School Prospectus and "Information for Parents of New Entrants" contain information on absences, disciplinary procedures, dress code etc. Parents are expected to support the School in operating all School rules, policies and procedures. Every effort is to be made to inform parents rapidly and sensitively of any serious breach of the School's regulations. While every care will be taken for the individual, the Head and staff must act in the interests of the wider School community. The Head reserves the right to exclude temporarily or permanently any student where such action is deemed necessary.

OTHER SCHOOL/PARENT INTERACTION

28. The School supports its Parents' Association in its fund-raising activities. Every parent is a member of the Bishop's Parents' Association and participation of parents in the events of the Association is very welcome.

29. The School welcomes the active support of parents in sustaining the breadth of its extra-curricular programme.

30. The School seeks the support of parents in organising external activities such as work experience placements and trial interviews.
31. The School has fully developed complaints procedures: details are in the Complaints Policy on the Website or available from the School Office.
32. Heads of School welcome any relevant information from parents concerning the well-being of their child.
33. Individual governors are attached to specific areas of school activity to provide a link between teachers, governors and parents.

MONITORING AND EVALUATION

34. The effectiveness of this Policy is to be monitored via annual questionnaires to parents and by the Leadership Team.
35. This Policy was adopted by Governors on 23rd January 1996. It will be reviewed biennially by Governors, advised by the Head. The most recent 3 years' review history is below:

12 th November 2020	Minor updates
2 nd March 2022	Minor updates
7 th November 2023	Minor updates
26 th November 2024	Minor updates
