# CANADA.

# Arlington Energy Ltd

Arlington Energy was Built on the foundations of teamwork, a relentless commitment to improvement and having fun in the process.

Wishing BWS touring squad a similar experience in Canada this summer

# A note from **THE HEADMASTER.**

This tour promises to be quite spectacular, and something of a milestone too. The second overseas BWS sports tour since the global shutdowns and travel restrictions of the pandemic is a most welcome development for everyone because although Covid impacted on academic learning it was the extra-curricular programmes that were hardest hit of all. Now we are all in a different place, travel is back on the agenda and school sport is thriving once more. It's experiences like these that build character and camaraderie, both off the pitch and in the games. We all learn so much when we on unfamiliar territory, as much about ourselves as the places where we unpack our bags, and I am so pleased to see the reinstatement of our overseas tours. Canada 2023 really will be a significant milestone.

Ontario and Quebec await the tour; I know that you'll all have a trip to remember, and I wish you good luck and a fair bounce of the oval ball...

Stuart Smallwood - Headmaster

# A note from **THE HEAD COACH.**

To say I'm excited for this tour would be an understatement. I have been fortunate enough to be organising bws rugby tours since 2011, having missed the opportunity to tour as a student myself. Having visited Canada in 2022 I can't think of a better place to be for 2023 with the itinerary we have and opportunity to explore some fantastic cities as well as explore the great Canadian outdoors and marvel at Niagara. As well as play some quality rugby along the way. I personally have now been to Canada twice and always plan a tour as if I was travelling myself (without 46 boys in tow) and so I consider myself very lucky to be able to do what I do. The fact all boys are (hopefully) returning to BWS makes it even more exciting as we prepare for the season ahead. One thing is for certain, they will all have plenty of memories to look back on together and share in the years ahead. This whole season had a performance focus and a focus on being better men on and off the park. These young men have been an absolute pleasure to work with and I look forward to touring with them, and preparing as best we can for the next season ahead. Special thanks to everyone behind the scenes who have made the tour possible, from the parents and sponsors to our own finance team all of whom I know have worked incredibly hard to ensure the boys can have the best possible trip. It's going to be a great adventure with life-long memories and I personally can't wait to get out there. Through our great support we have also raised over £1000 for Wooden Spoon, our chosen charity for this year's tour.

Mr. Demain-Griffiths - Head Coach
